How to organize supplies:

Organizing school supplies can be a daunting task. Please follow these special requests to make things as easy as possible for your child on their first day. Make sure all supplies are labelled clearly with their name. This is super helpful when we find crayons and markers on the floor. Extra supplies should be put in a large Ziploc bag that we will store in the lockers and use as needed.

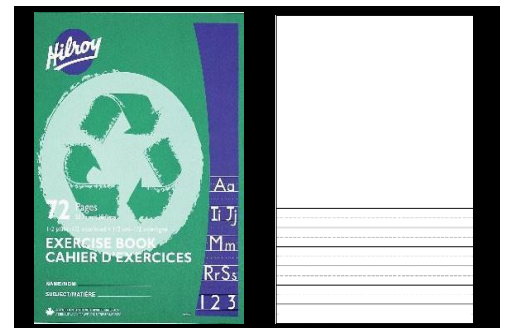

Examples of how school supplies should be sent. **Everything else can be in a large ziploc bag with their name on it.**
