- Better Together shirts were delivered today and will be handed out to any new students at the school.
- Students have been participating in outdoor learning activities including walking on the trails, using compasses for finding directions. Activities have been well received and students have shown successes in their learning experiences outside of the school.

- Picture day had some challenges. Janelle came in to help students get ready before going in. The staff photo was sent out with major editing errors. Lifetouch guaranteed classroom photos would be sent but random pictures and only a few were sent out. The first day seemed to go okay but the second day there was only one photographer, and pictures were far behind schedule. Not sure how retakes will go. Will need to look into new options for the upcoming school year.

8. Discussions from Principals report –

- We will be going ahead with the scavenger hunt and twinkle tour in December again.
- Singlets for cross country have still not been located.
