- Sandy will resume work on getting quotes for installations in school grounds
- Terry Fox Run is a go this year, but will only be done in class groups. All donations must be done online.

- No class photos again this year. Request was made: photographers may return in spring, or montage might be able to be created.
- COVID: lots of confusion/frustration with government/public health guidelines from the start of the year. Rapid tests are NOT available to our students. Not likely that classes will move to completely online. Teachers are prepared to use Google Classroom to send assignments home for students who may have to isolate.
